

Dave Scott

Summary to support my nomination to the Management Committee of the Maleny Golf Club.

Career

Current:

National Construction Manager for Big W

Previous:

State Construction Manager Woolworths Supermarkets

General Manager Tantallon Constructions

State Construction Manager Walton Constructions

State Manager Ahrens Constructions

Throughout my career I have developed strong management skills, a desire and skill-set to achieve real outcomes and the ability to make informed decisions after assessing all the information.

Why Vote for Dave Scott

While acknowledging the great work undertaken by the founding members, previous committee's and volunteers at the club and although having only been a member of the Maleny Golf Club for 12 months I believe I will bring valuable business acumen and direction to the committee and club. It is important to ensure that the foundation provided by those mentioned above is built on and decisions made to extend the success of the club. Having seen over the past few months a number of decisions taken that have created a division in what was a strongly unified club it is imperative that the 2021-2022 committee be comprised of members that have differing opinions and the strength to voice and support their opinions and those of the membership.

It is my belief that the committee of any club is there to provide direction and make decisions in the best interest of the club and the members, for now and the future based on the views of the majority of club members balanced with sensible methods to achieve the right outcome.

I will strive for full transparency on all significant committee decisions, ensure all decisions of the committee are made as required by the club's constitution, challenge any decisions made outside of the committee meetings and ensure all new members know who the committee is and are made to feel welcome.

At the same time the unity of the committee and the membership will be a primary focus if elected. I will work hard to support the committee members and the decisions made in a positive manner to ensure you the members have the confidence that your committee is working in your best interests.

Thank you for your support.

Dave Scott
