Summary to Support my nomination to the Management of the Maleny Golf Club

### **Career**

I have over 25 years' experience, working for the Banking and General Insurance Brands within the Suncorp Group.

My roles within the Suncorp Group have been predominately in the Corporate Insurance segment, Underwriting Property, Liability and Fleet Insurance Products. Corporate Insurance is also a unique segment within General Insurance, given it's more value proposition centric in nature as the Insurer can tailor the Insurance Products to the Insured's needs and work collaboratively with the Brokerage and client on Risk Management and Mitigation strategies that actively look to reduce exposure and downtime to claimable events.

In my current role at Vero Insurance, I Underwrite Corporate Fleet Insurance accounts for both International Insurance Brokerages based in Australia and Local Commercial Insurance Brokerages, who's clients can range from Government State & Local, Large Not for Profits, ASX Listed Companies and Companies that are emerging from the small business sector into the medium to large business sector.

### **My Aim as a committee member**

If elected to the Management committee I will use my knowledge and experience of risk and risk management best practice to complement those on the committee with financial and legal experience.

Additionally, I am a local of Maleny moving here with my wife 12 months ago through a series of serendipitist events, which some of our new friends in Maleny have labelled a "you didn't choose Maleny, Maleny chose you" moment. I dare say they are right and now that we have bedded ourselves in the community, we will be looking to become actively involved in our community and be of service where we can now and into the future. I can think of no better way to contribute to the community than join the MGC Committee and help to continue its great success. I strongly believe we have a tremendous asset and want to see it flourish for everyone's enjoyment. I also think I can make a significant contribution through my work ethic and ability to work 'with' similar minded people to deliver a positive outcome.

Thankyou for your consideration.
