

ROD THAMM

For nomination for a position on the Golf Clubs Management Committee 2021/22

My background was mostly in banking. 27 Years with NAB in many areas through Queensland. 10 of those years as Manager.

I also owned and ran 2 retail stores in Maleny and spent the rest of my working years in various retail positions including as a shop volunteer at the golf club.

I am original member of the Maleny Golf Club and was the first Secretary/Treasurer of the club. I spent the first 10 years of the club as either Secretary or Treasure, some years both.

I also have had many years on the Management committee of other golf clubs through country Qld, as either President, Treasurer, Captain or Secretary.

The founding committee of the golf club were committed to build a community golf course that would be a pleasure to play no matter what level they happened to be. We always believed that the course would be picturesque and a benefit to the Maleny Community and I am proud of the work that the many volunteers have contributed to and the wonderful golf course we now have.

I have now retired and have the time and enthusiasm to commitment to this position. I have been passionate for the success of the golf club for many years, and will remain so for years to come. Rod Thamm
